

A Chilly Halloween

The King of Heat

When the nights get nippy and a chill starts to permeate the air, we know it's time to get the locally-produced **King Baseboard Heaters** out on special! Now's the time to check out that all your baseboard heaters are working!

Our King Baseboard Heaters are available in sizes ranging from 2 ft. 3" all the way to 10 feet. They have an attractive enamel white finish that will blend easily with most any decor. They also have knockouts on either side to allow for installation flexibility. They may be controlled by a baseboard-mounted thermostat or by a wall-mounted room thermostat (both sold separately).

King Baseboard Heaters, 208/240V

10450212	10 ft. baseboard heater, 2500 watts	96.42	78.75	73.13

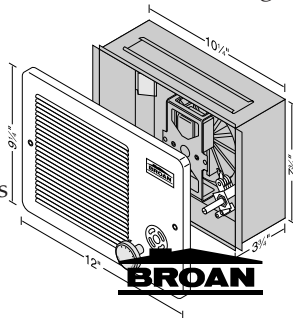

Broan Forced Air Heater

The **Broan Forced Air Heater** has one decided advantage over baseboard heaters: a fan to drive the air. The fan helps to circulate the heat around the room faster for more even heating.

The Broan Forced Air Heater has a durable steel grill. It is rated for 1500 watts at 120 volts AC. It easily converts to 750 watts at 120 volts, 1125 watts at 208 volts, or 1500 watts at 240 volts. It comes with a built-in adjustable thermostat which automatically maintains the desired comfort level (requires 20 amp circuit at 120 volts AC).

Other specifications: Housing, 10-1/4" x 7-3/4" deep; Grill, 12" x 9-1/4" x 1/2"

Note. We also have the Broan 174F, a model that does not have a thermostat.

Good Things Come In Small Packages

Eureka's **Mighty Mite** canister vacuum cleaner packs one big punch in one small 8 pound package.

EUREKA

Powered by a hefty 9 amp motor, the Mighty Mite sucks up dirt with surprising ease. It has an entire complement of onboard tools (including a carpet nozzle with dual edge cleaning for use on bare floors or carpet, a crevice tool, a combination dusting brush and upholstery tool), two extension wands for cleaning hard to reach places, and a 7 foot crush resistant hose with suction control. The Mighty Mite also comes with an extra long 20 foot power cord which conveniently wraps around a quick release lever under the body for quick easy accessibility. It has large rear wheels for maximum stability and it's slender size guarantees that it will fit easily on most stair steps.

Last and definitely not least, the Mighty Mite comes with a blower port so you can easily convert this little monster into a blowing machine too!

With so much wrapped into one package, it is no wonder this amazing product is called the Mighty Mite!

The Mighty Mite takes a Style MM replaceable bag.

TIPS & TECHNIQUES

LOCK CHILL OUT

Frozen door locks are a fact of winter. Here are some tips to cure the problem:

- Place a drinking straw into the key slot and exhale into it until the lock thaws.
- Heat the key with a lighter or matches then slowly work it into the frozen lock. Wear thick gloves so you won't burn your fingers.

Window Insulation Kit

- 42" wide x 62" long
- Shrink film insulates one window
