TIPS & TECHNIQUES

UNCLOGGING SHOWERHEADS

If your showerhead is getting clogged with mineral deposits, don't purchase a new shower head just yet. Instead, put enough vinegar in a saucepan to cover the shower head. Heat the vinegar to just below boiling and turn off the heat. Place the shower head in the pot and let it soak for around eight hours. The acid in the vinegar will eat away at the mineral deposits. Rinse the shower head and it's ready to use.

LEMON JUICE TOILET BOWL CLEANER

Here's a recipe for a good toilet bowl cleaner. Mix 1/3 cup borax to 1/4 cup of lemon juice until they form a thick paste. Add a little more juice if necessary. Flush the toilet and then don a pair of gloves. Use a sponge to smear the paste around the bowl. Let it sit for two hours, scrub with a toilet brush, and flush.

SANDPAPER STORAGE

Whenever you get an overnight letter delivery, save the envelope. These envelopes are great for storing sheets of sandpaper. They protect the paper and keep it flat. In addition, you can stick a sheet of sandpaper in the clear plastic pocket to immediately identify the grit of the sandpaper!

Making Short Work with Short Cut

Don't let its diminutive size fool you. Wooster's **Shortcut 2" angle brush** measures only 6 1/2" from tip to tip. What it doesn't have in size, it makes up for unprecedented control.

Shortcut's unique Shergrip handle is pliant and soft. Your hand just fits right into it. You'll find yourself breezing through tight spaces and corners as Shortcut's nylon/polyester bristles (good for all types of paint) makes short work of your job!
