**05200606**  
 Reg. \$ 15.99

# TIPS & TECHNIQUES

## MOP SANDING

For sanding walls and ceilings before painting or for smoothing wallboard joints, you can make a pole sander from an old sponge mop. Remove the sponge, wrap a sheet of sandpaper around a block of wood the same size as the sponge and screw the block to the mop. The frame will hold the paper to the block.

## PARTS ON ICE

Keep track of small parts while making repairs. As you disassemble an item, put the parts into prenumbered compartments of a plastic ice cube tray. Reverse the procedure for reassembly. An egg carton will also work.

# DRIP PANS

- Best way to spiff up an electric range
- Heavy duty chrome-plated
- Available in styles for hinged or plug-in elements (consult guide to ensure fit)
- Made in the U.S.A.
