15600669	Steel snow shovel	19.99

We also have weatherstripping products. Please call for specific items.

TIPS & techniques

TEABAGS CLEAN WOOD FLOORS

From thesecretyumiverse.com website comes this tip on using teabags to clean wood floors and furniture. Boil 3-5 used teabags in a quart of water. When cooled, use it to clean wood floors and furniture with a soft cloth.

UNCLOGGING SHOWERHEADS

If your showerhead is getting clogged with mineral deposits, don't purchase a new shower head just yet. Instead, put enough vinegar in a saucepan to cover the shower head. Heat the vinegar to just below boiling and turn off the heat. Place the shower head in the pot and let it soak for around eight hours. The acid in the vinegar will eat away at the mineral deposits. Rinse the shower head and it's ready to use.

RUSTY TOOLS

Moisture and tools invite rust. One way to keep the air in your toolbox dry is to drop in some small packets of silica gel (available free in the packing of new products). Once the silica gel becomes saturated, renew the packets by placing them near a lit 60-watt light bulb for around 15 minutes.

New Year's

RESOLUTION!

We resolve to wash our hands more often...

- Aromatherapeutic liquid hand soap
- Made from naturally occurring ingredients
- Biodegradable
- Lemon verbena or lavender scent
