TIPS & TECHNIQUES

FREEZING BATTERIES

Get more out of your rechargeable batteries (NiMH and NiCd) by storing them in the freezer after recharging them. According to GreenBatteries.com, lower temperatures retard the rate of self discharge so they retain most of their "Oomph!" when it's time to use them.

COFFEE GROUNDS = DRAIN DEODORIZER

Dumping used coffee grounds with very hot water down your drain not only deodorizes your drain, it may also help clear it up!

Garden Hose
