TIPS & TECHNIQUES

SALTY TIPS

- Clean greasy pans by sprinkling a little salt on it and wiping with paper. Wash the grease off easily after that.
- Get the burnt food odor away from ovens and burners by sprinkling salt and cinnamon while they are still hot. When dry, remove the salted spots with a stiff brush or cloth.
- Rub salt on stubborn tea or coffee stains from your mug to remove the stains.
- Salt tossed into a grease fire will smother the flames. Never use water.

CREAM OF TARTAR CLEANING TIPS

- Clean stainless steel by mixing a bit of cream of tartar with water and using the paste to clean your stainless steel appliances.
- A paste of cream of tartar and water will remove scratches from scuffed dishes.
- Mix a paste of hydrogen peroxide and cream of tartar to clean stained aluminum pans.
- A thick paste of cream of tartar and hydrogen peroxide does wonders in removing bathtub rings. Apply the paste, let it dry, wipe off and rinse.
