

FREE Toilets

Limited Time Only!

Replace your old water-wasting toilets (pre-1994) with high performance FlushStar toilets and begin saving up to 27% on your apartment building's water bills. You have the option of receiving **FREE toilets** or an **\$80 rebate** per toilet.

Limited time only.

There is no need to worry about toilet performance. All FlushStar toilets are independently tested and proven to work efficiently on the first flush.

FREE showerheads and bathroom faucet aerators available for toilet program participants.

Stop wasting water and start saving money. It's good for salmon, the environment, and our future generations!

Visit www.savingwater.org or call (206) 615-1282 or call John Bowden here at (206) 322-1717 for a list of local participating water utilities or for more information.

It's Yellow Jacket Season!

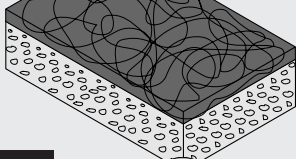

With summer winding down, yellow jackets are getting really ornery and stinging anyone that gets in their way.

Time Mist's Pro Exterminator Wasp, Hornet & Yellow Jacket Killer is a commercial formula that takes care of these pests on contact. It even reaches nests that are 20 feet above ground, ensuring that you can stay a safe distance away while applying it. This product can be used both indoors (attics and other places where nests are built and where food or feed are not exposed) and outdoors on their nests. Each spray can contains 17.5 oz.

There are just some fabrics in some rooms that simply defy your air freshener arsenal. **Febreze Fabric Refresher (Professional Formula)** works great on drapes, cloth upholstery, and carpet, particularly those that have been exposed to tobacco smoke. Febreze is available in a 1 liter trigger spray bottle.

TIPS & TECHNIQUES

MILDEW IN THE CLOSET

To remove mildew from closets, tie several pieces of blackboard chalk together and hang them up inside the closet to reduce dampness. Replace the chalk every few months.

Dissolve ¼ cup borax in 2 cups of hot water and mix thoroughly. Saturate a sponge or cloth with the mixture and wash the mildewed areas. Leave the solution on for a few hours or overnight, then rinse well. If mildew has penetrated deeply into the walls, you can leave the solution on for a number of days until it is completely dry. Then sweep or vacuum up the powder.

PAINT FILTER

A clean disposable paper dust mask makes a perfect substitute if you run out of paint filters for removing impurities from thinners and light finishing oils.

Toolbox + 51 Tools
