TIPS & TECHNIQUES

PAINTING AROUND A TOILET TANK

Try using food plastic wrap as a paint shield around a toilet when you're painting around it. Use masking tape where you want sharp edges though! (from Family Handyman)

JOINT COMPOUND & DRAINS DON'T MIX!

Never ever rinse joint compound, cement, mortar mix, sand, or grout down your drain. Those are surefire ways to clog up your drain. Instead, dispose of them in the garbage.

CORD SAFETY

You'll be less likely to mow over the cord of an electric mower if you wrap the cord in a spiral of colorful tape. It will be more visible as it snakes around the lawn. Or use a bright orange or yellow exterior extension cord.

Murphy Oil Soap

- Made from pure vegetable oil
- Use on wood floors, cabinets, wood paneling, laminate floors, no-wax floors, ceramic tiles, painted surfaces
